Bopal Ahmadabad,

SUMMARY

I am a third-year undergraduate student at Indus University, seeking a dynamic entry-level position in computer science or technology. My goal is to apply my passion for technology to contribute effectively to a company's objectives while gaining valuable experience in this ever-evolving industry. As a responsible and organized individual, I am eager to embark on my first professional experience. With a focus on frontend development, I strive to deliver high-quality projects and results. I am enthusiastic about learning new skills and am looking for an internship or entry-level position where I can use my knowledge to make a positive impact. As the Technical Head of ACSIT, our departmental panel, I was responsible for technical tasks and organizing events related to programming and games. This role has honed my leadership and technical skills.
